Bernal Bio Labs

Bernal  
Institute

## Mammalian Cell Culture

- Industry standard Applikon Bioreactor suite composed of;
  - 2.5 L Bioreactor
  - 5 L Bioreactor
  - 25 L Bioreactor with steam sterilisation in place capabilities
- Class II cell culture facilities within a purpose built lab.
- License for handling genetically modified organisms (GMO's).
- xCelligence cell viability measurement capabilities.
- Expertise in antibody production and purification.
